## COURSE SUMMARY

The Dublin Accord was signed in May 2002 and Malaysia became a signatory in 2018. The agreement established mutual recognition of the qualifications which underpin the granting of Engineering Technician titles. The Dublin Accord is specifically focused on the mutual recognition of academic programmes/qualifications that underpin the educational base for Engineering Technicians. The Accord acknowledges that the educational base is a key foundation for practice as an engineering technician, in each of the countries or territories covered by the Accord. It recognises the importance of the roles engineering technicians play as part of a wider engineering team. It includes roles such as; certified or professional technician/engineering associates.
